A new comment has been submitted at [socotransmission.com](http://socotransmission.com).

### COMMENT

Meeting Attended:

I was not able to attend a meeting

Important Issues:

Land Use (Agriculture, Residential, Recreation), Health and Safety, Visual / Aesthetic Resources

Property Uses:

Residential

Comment:

As a resident of Hatchet Ranch, it is imperative that the most eastern route for the transmission lines be adopted (along the existing corridor and railroad on the east of Hatchet Ranch. That corridor will affect the least number of residents--both current and future--and will be less visible to everyone. To do otherwise will greatly impact our quality of life and our land values in the Colorado City area. Thanks for the opportunity to comment.

Dr. Mark Gose

## I-193-001: Route Refinement > Calumet-Comanche (In Review)

Your email/letter/comment form has been received and your comment noted. Route refinement for the proposed project and mitigation measures will be addressed in the Environmental Impact Statement. The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.
